FOR IMMEDIATE RELEASE

L.K. Machinery Appoints New Sales Agents

Holland, Michigan, June 2, 2008 — [L.K. Machinery, Inc.](#), a global manufacturer of Injection Molding machinery and Die-Cast machinery has appointed two new sales agents to represent their line of plastics molding equipment. L.K. manufactures high quality, affordable hydraulic injection molding presses that are offered in sizes ranging from 80 US tons to 500 US tons.

- Hyland Machinery Sales, Inc of Marshall Michigan has been signed as the exclusive sales agents for Injection Molding machinery covering the states of Michigan, Northern Indiana and North Western Ohio. Established in 1999, HMSI covers this region with 3 technical sales people who have a combined plastics industry experience record of nearly 60 years.
- SysTec Engineering of Mont Clare, PA are the exclusive sales agents for Injection Molding machinery covering the eight New England states plus New York, New Jersey, and Pennsylvania.. SysTec Engineering has been selling equipment and services to the plastics industry since 1992 and has a sales force of six people with a combined experience record of 125 years.

Kevin Brady, L.K.'s Director of Plastic Machinery Sales, said "we're excited to have these two excellent organizations join our sales network. Both companies have many years of plastics industry experience, satisfying our goal of not only supplying machinery, but, integrated manufacturing solutions to the plastics industry."

About L.K. Machinery Inc:

L.K. Machinery's USA based Sales and Service office is centrally located in the Mid-West.
