L.K. Machinery Welcomes New Dealers to its CNC Network

Holland, MI
March 26, 2010:

L.K. Machinery, Inc.'s Director of Marketing and Sales, Ben Whittington announced the signing of new CNC machinery dealers to sell L.K.'s line of high productivity CNC machining centers. All of L.K.'s new dealers are leaders in their respective territories and see growing market opportunities for greater production efficiency. In particular, L.K. has 4 machine models with integral pallet changers aimed at both high volume production applications as well as lower volume higher set-up applications.
