FOR IMMEDIATE RELEASE

L.K. Machinery Appoints New Marketing and Business Development Assistant

Holland, Michigan, October 30, 2006 — [L.K. Machinery, Inc.](http://www.LKMachinery.com), a global manufacturer of Hot and Cold Chamber Die Casting and Injection Molding Machinery, appoints Karen Van Iwaarden, Marketing and Business Development Assistant.

Van Iwaarden is responsible for assisting with increasing L.K. Machinery's presence throughout North America with the development of marketing materials, website maintenance, trade show coordination and assisting the sales team with distribution of materials to North American Die Casting Companies in addition to a variety of administrative responsibilities.

Van Iwaarden's twenty years of experience includes serving as Marketing Specialist at Rutherford & Associates, Inc where she was instrumental in the marketing of their eoStar Distribution Software. In addition, Van Iwaarden has also owned and directed a daycare business where she implemented a successful summer school program. She has also produced marketing materials and websites for local musical groups.

About L.K. Machinery Inc:

At L.K., we recognize Value, Performance and Reliability are essential for improving your bottom line. Our Quantum line of die casting machines, designed for the North American market, uses locally available electric and hydraulic components. Every machine we build for you will meet your strictest performance requirements and safety standards.

More information about L.K. Machinery, Inc.'s parent company, L.K. Technology Holding Ltd., is available at <http://www.LKMachinery.com>.
